

Field Cart

Product Information Sheet

Take the field and
the gear with ease.

Easily take the field with Stageright's high performance Folding Field cart. Large foam-filled casters provide a stable, reliable base, while its slightly raised platform lip prevents items from sliding off. Slotted areas allow for accessory brackets and restraining strap attachments, which are a real benefit over similar cart designs. It can be hand-pulled or towed, and folds easily for compact storage. The baked-on finish will help your investment last for years.

Features and Benefits

Seamless Movement

- Large foam-filled casters allow movement on all surfaces
- Handle allows the cart to be either pulled or towed
- In storage position, easily transport through standard doorways

Attractive

- Slip-resistant surface stands up in all weather conditions
- Raised platform lip prevents items from falling off

Special Features

- Slotted areas enable strap attachment to secure equipment
- Slotted areas make it easy to attach accessories such as canopies, banners and cymbal racks

Technical Specifications

Function

For the larger Marching Band Gear, like percussion instruments, the Field cart provides easy transportation, from the practice room to the field.

Set-up

From storage position - simply lay the cart on the rear casters and flip the front down. To store simply lift front end of the cart followed by the rear end, casters automatically engage the floor for easy transporting. When in storage position, cart easily fits through standard doorways making transportation to and from the field effortless.

Safety

Place handle in upright position to prevent tripping, while locking casters keep the cart stable during loading and unloading. Rounded tubular steel protects members from sharp edges. The slip-resistant surface and raised platform lip prevent items from sliding and falling off.

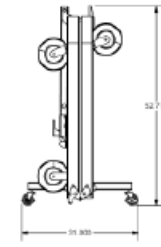

Construction

Cart frame shall be constructed of ASTM A500, ASTM A512 tubular steel. Base shall be constructed of 3/4" Plywood covered with slip resistant vinyl. Foam filled casters allow movement on all surfaces, never require maintenance, or air refill. Cart shall be finished with black baked-on powder-coated finish. Rear hitch allows additional carts to be joined for faster deployment.

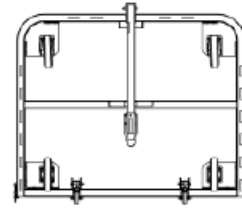

Options

Special order powder-coat finish is available to match your school colors.
