

Rolling Drum Riser

Product Information Sheet

Keep the beat rolling

StageRight's Rolling Drum Riser is a welcome addition to any house of worship. Utilizing the 4' x 8' all purpose decks and 12" stub legs with swivel locking casters, you can assemble and move this riser to any part of your facility and lock it into place. The dual sided decks provide a longer wear life and with optional carpet and surface colors available you can customize your riser to fit in with your existing décor. The decks are lightweight, quiet and sturdy to give the feel of a permanent surface. The stub legs with swivel locking casters come in a single or dual variety to provide the versatility and safety features that every facility needs.

Features and Benefits

- Various sizes available depending on the number of decks used. (8' x 8' x 12" pictured here)
- Swivel locking casters come standard.
- Reversible decks for flexible surface options.
